

**We ask. We Listen. We Partner.**

BluePrint Automation (BPA) is a world leader in end-of-line packaging automation. With a diverse and innovative team of experts in consumer goods packaging, BPA designs, develops and manufactures packaging solutions for flexible and other tough-to-handle packages.

**Vision Guided Robotics:** Sophisticated vision-guided DELTA robots picking individual packaged and naked product for loading into your container or hffs machines. Solutions include stacking and loading, wrapper loading, variety pack, dinner tray loading and kit assembly.

**Case and Tray Packing:** Solutions for flexible and other tough-to-handle packages. Providing vertical and horizontal case packing solutions; including end-load cartoning, wrap around case packing and shelf ready solutions.

**Turnkey Packaging Systems:** Innovative solutions taking control of your packaging line from the end of processing through palletizing.

Your company, objectives and processes are unique. Listening to and processing your needs are therefore the most important aspects of our initial work. Our Sales and Engineering Departments cooperate seamlessly to devise the solution that completely answers to your packaging needs. We aim to please and are thrilled by your increase in operational efficiency.

### **Flexibility**

Our customers expect nothing but the latest and the best. Rigid and prefixed solutions do not help to truly make a difference. At BPA, we embrace flexibility, in our solutions and our attitudes. This enables us to create a true and lasting value for our customers.

### **Innovation**

We are absolutely passionate about innovation. It adds the fun and inspiration to our work. Our customers stimulate our innovation by developing new needs, and we ourselves are on a never-ending quest to find a better, simpler way.

### **Partnership**

Once a customer entrusts us with their needs, we never want to let them go. We value long term relations, as they reap the most benefits for everyone involved. Partners look out for each other and enable mutual success. At BPA, our customer always comes first.

## Fully Automatic and Semi-Automatic Packaging Solutions

### Fully Automatic Packaging Solutions

Whether your business is packaged or naked (raw) product, BPA is always able to create an end of line packaging line that answers your needs. From horizontal and vertical case packing of bags, pouches, trays and other packages to wrap around and end load cartoning, BPA is ready to partner with you.

### Semi-Automatic Packaging Solutions

Increase your manual packing speeds with our Collator 200. This semi-automatic packing solution eliminates the need for a round table and places your bags in a vertical stack on an accumulation conveyor. A low cost solution to increase your packing speed and simplify your process.
